

Free Sampler Software From Hummingbird Communications, Ltd., to Integrate MineSet™ With Your Existing PC Environment

Enclosed with this MineSet order are two evaluation CDs: Hummingbird Communications Exceed and Exceed 3D. Exceed is an X11R6.3-compliant 32-bit X server that allows Pentium-based PCs running Windows 95 or Windows NT to interact with the full power of MineSet. Installation instructions are located on the back of each CD.

To purchase a license for Hummingbird's Exceed and Exceed 3D products or to receive additional information, please contact Hummingbird Communications, Ltd., directly at 416-496-2200 (U.S.) or 41 (22) 733.64.03 (Europe), or visit Hummingbird's Web site at <http://www.hcl.com>

More information about how to use MineSet with the Hummingbird products, is available at
